

# RAPID MARKETS

## Faster bet cycles to create more betting opportunities

### Betradar's new Rapid Markets offers a more thrilling live betting experience on the top tier soccer leagues and tournaments

Working in 1-minute intervals, x:00 – x:59, punters bet on what is going to happen in the next 60 seconds (goal, corner, booking or penalty). With a minimum of 85 intervals per market, you can offer a much higher number of live bets and thus significantly increase your turnover.

1x2

Significant higher number of live betting opportunities for top tier soccer matches

Casino style betting allowing faster settlement, leading to higher bet frequency and turnover

Keep players engaged throughout the entire match with new bet cycles available every minute

Perfect for betting on any device, especially on mobile
