## Event Creation

Event Creation is the basis for your bookmaker business. Fixtures, starting times and background information on more than 23 sports are delivered with a high update frequency making it possible to create your betting offer in an automated way. The main focus is on soccer with 300+ leagues provided. Schedules are available for the complete season.

## Live Centre

Live Centre is an extended live score experience, packaged in a nice graphical design offering banner space for advertisers and sponsors. Match commentary can be made either automated from us or manually produced by your own journalists. Our automated phrase engine is highly sophisticated and will trigger events in real time. The automated phrases are accompanied by "Fun Facts". These – and the rest of the features – can of course be configured in the language of your choice.

\* Live Center Rugby only comes as an XML feed solution and does not include match commentary and "Fun Facts".
